✓	<b>Brake Levers</b>	SRAM Guide T, Matchmaker
	<b>Pedals</b>	None
✓	<b>Indicates an upgrade or improvement over last years model</b>	
✓	<b>Indicates an upgrade or improvement over the model below</b>	

The G 170 S scored a perfect 10/10 with MBR in 2018. Whyte have not rested, in the development of this bike. The new model features a shorter 37mm offset and a 180mm travel fork to make this bike even more capable and ready to take on anything you throw at it.

The S is loaded with the very latest developments in Enduro/Trail bikes. WTB ST i29mm 2.0 rims combined with TCS front and rear specific tyres help to give neutral handling without too much drag.

The G-170 has extra width built into the rear chainstays to allow the rider to fully exploit the future developments in wide high volume tyres up to 27.5 x 2.8" and maintain mud clearance.

<b>Dropout Code</b>	DROPWHQ4SR
<b>Shock Stroke and Sag Setting</b>	65mm, Sag 16mm (25%) to 19mm (30%)
<b>Reducer Bush Widths</b>	22mm x 8mm, no hardware at the rear
<b>Eye to Eye Length</b>	230mm
<b>Weight</b>	TBC
