The Glencoe combines our Gravel/Adventure frame with Road Plus tyres. These high air volume 650b tyres have the same rolling circumference as a 700c X 28c setup and give huge levels of comfort and security on even the roughest road surfaces.

"1 by 11" technology offers simplicity and efficiency that cannot be rivalled. TRP mechanical/hydraulic disc brakes add stopping power and control.

Whether you're an inner-city, year round commuter or a C or D back-road rider, the Glencoe is perfect bike to give you control on unpredictable surfaces. The Glencoe is the best all round road bike we have ever made.
